COMPLEMENTARY EVENT

"PLASTEXPO®" - International exhibition advanced engineering polymeric & composites products

Key topics

- Advanced polymeric and composite materials
- Additive Manufacturing of Polymeric and Composites Products
- Processing of plastics, elastomers and composite materials
- Modelling, simulation and structural design of polymeric and composite products
- Technologies of polymeric and composite products
- Recycling and reprocessing of polymers and composites
- Fracture and damage of composites products
- Lightweight and surface products with polymeric and composite materials
- Intelligent technologies for smart advanced material applications
- Industrial management of polymeric and composite products

Important deadlines 30th April 2022, Start registration; 20th October 2022, Abstract submission deadline
25th October 2022, Early registration deadline 31st October 2022, Full Paper due

Venue Faculty of Industrial Engineering and Robotics, University POLITEHNICA of Bucharest, ROMANIA
